Amendment 004

This amendment 004 is raised to modify the Request for Proposal.

Revision 10

Delete: Article 4.1 of the Bid Solicitation (Evaluation Procedures) in its entirety.

Insert: 4.1 Evaluation Procedures

- a. Bids will be assessed in accordance with the entire requirement of the bid solicitation including the technical and financial evaluation criteria.
- b. An evaluation team composed of representatives of Canada and Global Stratagem Inc. will evaluate the bids.
- c. Canada may retain any independent consultant or use any resources to evaluate any bid or portion thereof. Not all members of the evaluation team will necessarily participate in all aspects of the evaluation.
- d. Where Canada has made a determination that a bid has failed any individual mandatory element of the Solicitation, Canada reserves the right to not proceed further in the evaluation of the bid and may deem the bid non-responsive.”

Revision 11

Delete: Article 4.1.3.1 of the Bid Solicitation (Evaluation of Price) in its entirety.

Insert: 4.1.3.1 Evaluation of Price

The price of the bid will be evaluated in Canadian dollars, Applicable Taxes excluded, Canadian customs duties included.

Additional terms specific to a particular evaluated price element may also apply.

Revision 12

Delete: Article 4.1.3.2 of the Bid Solicitation (Evaluation Price Equation) in its entirety.

Insert: 4.1.3.2 Evaluation Price Equation

Using the Items listed in Schedule A, Bidders are required to provide firm unit pricing for optional goods and services across 3 option pricing years (refer to Schedule A for all necessary information regarding Basis of Payment).

Prices provided for optional goods and services will be evaluated as distributed across the 3 option pricing years. For example, if Schedule A indicates up to 60 optional units for Item 'x' across the 3 option pricing years, then unit prices will be calculated with 20 units for each option pricing year.

The following "Evaluated Price" equation will be used to determine the evaluated price of the bid based on the prices of all required *and* optional goods and services inserted by the Bidder in its bid Schedule A (Basis of Payment):

Total of Firm Prices provided for all Required Goods and Services (Items 1 to 4)

(+)

Unit Price DDP Destination of Item 5

(+)

Distributed Total Price of Priced Optional Goods and Services

Evaluated Total Price

The table below demonstrates how the evaluated price for each Optional item is calculated, based on quantities indicated for each Item in Schedule A.

| Evaluated Price Equation = | |
|--|---|
| Total Price: Required Goods and Services | |
| Calculated total of firm prices provided for all Required Goods and Services items (Items 1, 2, 3, and 4 in Schedule A) | |

Notes:

OPY2 = firm unit price provided for Option Pricing Year 2

The Bidder must complete the fill-ins and tables in Schedule A as follows:

 - iv. Section 4 (Optional Goods and Services) Optional Firm Pricing Year 3;*
- (f) The Bidder is requested to insert "\$0.00" for any cost of the cost elements for which it does not intend to charge. If any cost element is left blank, Canada will insert "\$0.00" for that element;*
- (g) The Bidder must take into account any notes associated with a particular Item.*

Note: These italicized Instructions to Bidders will be removed from any resulting contract.

1. General

- a) Prices include customs duties but Applicable Taxes are extra.
- b) The price takes into account any notes associated with the Item and/or cost element.
- c) Items must be invoiced based on the price established for the date of the order (via Contract or Contract Amendment) and not the delivery or acceptance date. For example, if prices were based on the calendar year and a contract amendment was issued on December 31, 2018 to purchase a widget but the widget was not delivered until January 1, 2019, the contract amendment and invoice for the order would reflect the Year 2018 (Optional Firm Pricing Year 1) price and not the Year 2019 (Optional Firm Pricing Year 2) price.

2. Currency

All prices are in Canadian currency.
