National Shipbuilding Strategy

➤ Three core objectives:

➤ Guides procurement decisions for construction of large and small vessels, as well as repair, refit and maintenance for the Royal Canadian Navy and the Canadian Coast Guard:

- **Large Vessels** (>1,000 tonnes): Two sources of supply selected to build new large vessels (Irving Shipbuilding Inc. (ISI) and Seaspan's Vancouver Shipyards (VSY))
- **Small Vessels** (<1,000 tonnes): Requirements will be competed amongst all Canadian Shipyards except for ISI and VSJ.
- **Repair, Refit and Maintenance**: Open to competition to all Canadian contractors.

Thank you
