Amendment 001 is being issued to provide clarification and to make changes on Solicitation No. W6399-19KH19/A.

A. CLARIFICATION

Clarification: For M1 - *To clarify, it is not the authorized representative we are requiring to have 5 years' experience in the development and manufacturing of electronic chemical detection equipment; it is the manufacturer who must have these qualifications. The authorized representative \bidder, if a separate entity from the manufacturer as its authorized distributor, does not have a time-related requirement for its experience with this type of equipment.*
