

Attachment 2 to Part 3
EN578-181312
Pricing schedule

The Offerer should complete this pricing schedule and include it in its financial bid once completed. Prices are in Canadian dollars, taxes extra.

- 1-A table will be created for every region the supplier is providing services.
- 2-Daily rate applicable only when the sum of hourly rate (per day) is less for that day.
- 3-Data unit as per unit definition for each stream.
- 4-For long call-ups (30 days or more) where “force majeure” does not allow operator to deploy RPAS, the daily rate costs for that day will be used at the end of the call-up to offset high flying days.

Company Name:_____

Operator(as per TC certification):_____
