<b>10. PREPARATION INSTRUCTIONS – INSTRUCTIONS SUR LA PRÉSENTATION DES DONNÉES</b>			
10.1 <u>Source Document</u> NWS O&M SOW Section 17, paragraph 17.6.1			
10.2 <u>Content and Format</u> The Initial Environmental Incident report shall be within 6 hours of the incident identification as described within this SOW, the Contractor shall submit an initial report detailing the nature of the incident. Follow-up reports shall be submitted no later than 72 hours as required until the incident has been fully investigated and corrective action has been completed.			
10.3 Environmental Incident Emergency, if an incident is deemed to be an emergency, the Contractor shall activate the Emergency Response Plan (ERP). Follow-up reports shall document the status of the investigation and corrective actions which are planned and or completed until such time the incident is considered closed. If warranted the Contractor shall update the Risk Management Plan (RMP) to eliminate or mitigate the chance of the environmental incident recurring.			
10.4 The report will be in Contractor format TA reviewed and Crown approved. A current copy of an Initial and Follow-up Environmental Incident Report can be provided as a reference.			
10.5 The Environmental Incident Report shall be available on line within 5 days.
