Time Zone	Eastern Standard Time (EST)		
Destination of Goods/Services	Canada		
Email Address for Submitting your Bid by the Closing Date	Oliver.Librada@ssc-spc.gc.ca		

REQUEST FOR QUOTATION AMENDMENT NO. 003

Request for Quotation Amendment no. 003 is raised for the following reason

- To address questions pertaining to Uninterruptible Power Supplies Specifications

Question 013

The UPS products we are evaluating do not exactly meet the requested runtime through the built-in batteries (ie. without the external battery cabinets), they fall short of the requested runtime by a minute or more. Will you accept to consider deviations on this element, provided we state clearly that we deviate, and we mention the feasible runtime?

Answer 013

SSC technical requirements must be met for the response to be considered compliant. All bids will be evaluated based on the same criteria. Deviation will only be accepted where it exceeds the specified requirements.

Question 014

Similar situation on the number of outlets; in some UPS ratings, the UPS do not provide the exact number of outlets specified, the UPS will have less outlets and, in some cases, will have more outlets but of different rating. Will you accept to consider deviations on this element, provided we state clearly where we deviate and we put the number, type and rating of outlets provided?

Answer 014

SSC technical requirements must be met for the response to be considered compliant. All bids will be evaluated based on the same criteria. Deviation will only be accepted where it exceeds the specified requirements.

ALL OTHER TERMS AND CONDITIONS REMAIN UNCHANGED
