The Annexes includes the Vessel Streams, Mandatory Management Arrangement/Certification Checklist, Reporting Requirements, Insurance Requirements and any other annexes.

### **1.2 Summary**

- 1.2.1 Public Works and Government Services Canada (PWGSC) requires the services of suppliers capable of building and supplying Rigid Hull Inflatable Boats (RHIB), Inflatable Boats (IB), Non-RHIB Aluminum Boats (AB) and Non-RHIB Glass Reinforced Plastic (GRP) Boats for various Departments and Agencies on an as and when requested basis. This Request for Supply Arrangements (RFSA) will establish a List of Qualified Suppliers by stream of RHIB, IB, AB and GRP Boats as per Annex "A" – Vessel Streams.
- 1.2.2 The Supply Arrangement has no defined end-date and will remain valid until such time as Canada no longer considers it to be advantageous to use it.

The period for awarding contracts under the Supply Arrangement begins immediately after issuance of Supply Arrangements.
- 1.2.3 The requirement is subject to the provisions of the World Trade Organization Agreement on Government Procurement (WTO-AGP), the Comprehensive and Progressive Agreement for Trans-Pacific Partnership (CPTPP), the Canada-European Union Comprehensive Economic and Trade Agreement (CETA), and the Canadian Free Trade Agreement (CFTA).

The bid solicitation of any resulting supply arrangement may subject to different Trade Agreements depending on the Identified User for whom the procurement is conducted.

- 1.2.4 The Request for Supply Arrangements (RFSA) is to establish supply arrangements for the delivery of the requirement detailed in the RFSA to the Identified Users across Canada, excluding locations within Yukon, Northwest Territories, Nunavut, Quebec, and Labrador that are subject to Comprehensive Land Claims Agreements (CLCAs). Any requirement for deliveries to locations within CLCAs areas within Yukon, Northwest Territories, Nunavut, Quebec, or Labrador will have to be treated as a separate procurement, outside of the resulting supply arrangements.
- 1.2.5 This RFSA allows suppliers to use the epost Connect service provided by Canada Post Corporation to transmit their arrangement electronically. Suppliers must refer to Part 2 of the RFSA entitled Supplier Instructions and Part 3 of the RFSA entitled Arrangement Preparation Instructions for further information on using this method.

### 1.3 Refresh Solicitation

It is not mandatory for Existing Suppliers to provide a response to a Refresh solicitation unless they wish to qualify for additional streams.

New Bidders may submit a bid for a SA by responding to the most recent Refresh solicitation terms and conditions posted on [BuyandSell.gc.ca](http://BuyandSell.gc.ca).

Canada reserves the right to issue SAs to Suppliers who qualify throughout the entire period of the SA. Evaluations of such bids will be processed with targeted schedules identifying each Refresh solicitation due date.

The RFSA will be conducted on a semi-annual basis as per Section 6A.7.

### 1.4 Security Requirements

There are no security requirements associated with this Supply Arrangement. However, Canada reserves the right to issue on a case by case basis security requirements associated with individual contracts.

For additional information on security requirements, Suppliers should refer to the [Contract Security Program](http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html) of Public Works and Government Services Canada (<http://www.tpsgc-pwgsc.gc.ca/esc-src/introduction-eng.html>) website.

### 1.5 Debriefings

Suppliers may request a debriefing on the results of the request for supply arrangements process. Suppliers should make the request to the Supply Arrangement Authority within 15 working days of receipt of the results of the request for supply arrangements process. The debriefing may be in writing, by telephone or in person.

### 1.6 Use of an e-Procurement Solution (EPS)

Canada is currently developing an online EPS for faster and more convenient ordering of goods and services. In support of the anticipated transition to this system and how it may impact any resulting Supply Arrangement that is issued under this solicitation, refer to 6A.11 Transition to an e-Procurement Solution (EPS).

The Government of Canada's [press release](#) provides additional information.

## PART 2 - SUPPLIER INSTRUCTIONS

### 2.1 Standard Instructions, Clauses and Conditions

All instructions, clauses and conditions identified in the Request for Supply Arrangements (RFSA) by number, date and title are set out in the [Standard Acquisition Clauses and Conditions Manual](https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual) <https://buyandsell.gc.ca/policy-and-guidelines/standard-acquisition-clauses-and-conditions-manual> issued by Public Works and Government Services Canada.

Suppliers who submit an arrangement agree to be bound by the instructions, clauses and conditions of the RFSA and accept the clauses and conditions of the Supply Arrangement and resulting contract(s).

The [2008](#) (2020-05-28) Standard Instructions - Request for Supply Arrangements - Goods or Services, are incorporated by reference into and form part of the RFSA.

### 2.2 Submission of Arrangements

Arrangements must be submitted only to the Public Works and Government Services Canada (PWGSC) Bid Receiving Unit specified below by the date and time indicated on page 1 of the RFSA:

PWGSC National Capital Region (NCR) Bid Receiving Unit

Only arrangements submitted using epost Connect service will be accepted. The Supplier must send an email requesting to open an epost Connect conversation to the following address:

[tpsgc.dgareceptiondessoumissions-abbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca](mailto:tpsgc.dgareceptiondessoumissions-abbidreceiving.pwgsc@tpsgc-pwgsc.gc.ca)

Note: Arrangements will not be accepted if emailed directly to this email address. This email address is to be used to open an epost Connect conversation, as detailed in Standard Instructions 2008, or to send arrangements through an epost Connect message if the Supplier is using its own licensing agreement for epost Connect.

It is the Supplier's responsibility to ensure the request for opening an epost Connect conversation is sent to the email address above at least six days before the Request for Supply Arrangements closing date.

Transmission of arrangements by facsimile or hardcopy to PWGSC will not be accepted.

### 2.3 Federal Contractors Program for Employment Equity - Notification

The Federal Contractors Program (FCP) for employment equity requires that some contractors make a formal commitment to Employment and Social Development Canada (ESDC) - Labour to implement employment equity. In the event that this Supply Arrangement would lead to a contract subject to the Federal Contractors Program (FCP) for employment equity, the bid solicitation and resulting contract templates would include such specific requirements. Further information on the Federal Contractors Program (FCP) for employment equity can be found on [Employment and Social Development Canada \(ESDC\) - Labour's](#) website.

### 2.4 Enquiries - Request for Supply Arrangements

All enquiries must be submitted in writing to the Supply Arrangement Authority no later than five (5) calendar days before the Request for Supply Arrangements (RFSA) closing date. Enquiries received after that time may not be answered.

Suppliers should reference as accurately as possible the numbered item of the RFSA to which the enquiry relates. Care should be taken by Suppliers to explain each question in sufficient detail in order to enable Canada to provide an accurate answer. Technical enquiries that are of a proprietary nature must be clearly marked "proprietary" at each relevant item. Items identified as "proprietary" will be treated as such except where Canada determines that the enquiry is not of a proprietary nature. Canada may edit the question(s) or may request that Suppliers do so, so that the proprietary nature of the question(s) is eliminated, and the enquiry can be answered to all Suppliers. Enquiries not submitted in a form that can be distributed to all Suppliers may not be answered by Canada.

## 2.5 Applicable Laws

The Supply Arrangement (SA) and any contract awarded under the SA must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

Suppliers may, at their discretion, substitute the applicable laws of a Canadian province or territory of their choice without affecting the validity of the arrangement, by deleting the name of the Canadian province or territory specified and inserting the name of the Canadian province or territory of their choice. If no change is made, it acknowledges that the applicable laws specified are acceptable to the Suppliers.

## 2.6 Bid Challenge and Recourse Mechanisms

- (a) Several mechanisms are available to potential suppliers to challenge aspects of the procurement process up to and including contract award.
- (b) Canada encourages suppliers to first bring their concerns to the attention of the Contracting Authority. Canada's [Buy and Sell](#) website, under the heading "[Bid Challenge and Recourse Mechanisms](#)" contains information on potential complaint bodies such as:
  - Office of the Procurement Ombudsman (OPO)
  - Canadian International Trade Tribunal (CITT)
- (c) Suppliers should note that there are **strict deadlines** for filing complaints, and the time periods vary depending on the complaint body in question. Suppliers should therefore act quickly when they want to challenge any aspect of the procurement process.

After the initial Supply Arrangements have been issued to qualified suppliers, a Notice will be posted on the Government Electronic Tendering Service (GETS) – BuyandSell.gc.ca, on an ongoing basis to allow new Suppliers to become qualified and afford existing Suppliers an opportunity to qualify for other streams. Suppliers will have an on-going opportunity for qualification during the RFSA validity period.

Due to the resources required to evaluate the offers, it is Canada's intent to conduct the evaluation of offers in cycles, on a semi-annual basis (that is Canada may collect offers received over a half calendar year, in order to conduct the evaluation of all those offers concurrently as part of a single cycle of evaluations). Certifications are subject to verification by Canada during the entire period of the SA and of any resulting contract that would continue beyond the period of the SA.

## **6A.10 Applicable Laws**

The Supply Arrangement (SA) and any contract resulting from the SA must be interpreted and governed, and the relations between the parties determined, by the laws in force in Ontario.

During the period of the Supply Arrangement, Canada may transition to an EPS for more efficient processing and management of individual contracts for any or all of the SA's applicable goods and services. Canada reserves the right, at its sole discretion, to make the use of the new e-procurement solution mandatory.

Canada agrees to provide the Supplier with at least a three-month notice to allow for any measures necessary for the integration of the Supply Arrangement into the EPS.
